Bamboo Fiber Cups

Original bamboo strands were used to create bamboo fiber cups. The lid of these fiber cups is constructed of genuine polypropylene. The lid is designed like a sip lid. As a result, you can use it to sip tea, coffee, and other beverages. These reusable eco-friendly cups help to rid the environment of plastic by being made of sustainable materials. As a result, they will undoubtedly assist you in attracting more clients. They are fiber cups with a Dubai brand that are environmentally friendly.

These fiber cups have very small sizes. They are therefore transportable and practical to utilize. As a result, holding them in your hands is simple. These cups have a 350ml capacity overall. Therefore, it is plenty for containing tea or espresso. The silicone bands on these cups come in a variety of hues. These promotional fiber cups also have a silicone covering on the lid. White, black, red, blue, and green are the available colors for the band and lids. The option of screen printing is included. So, you may add the logo of your business or brand to these promotional fiber cups. The finest possibilities for promotional gifts are those mentioned above.

- 350 ml of water can be carried.
