Ceramic Teacups

154
8 oz Ceramic Soucer Tea Cup
Specifications: 8oz - 80 x 50 mm Capacity: 180 ml

Ceramic Teacups

Ceramic material has been used to create ceramic teacups. As a result, they are strong, resilient, and hard. This object is white in color. The handle and cup's design are both incredibly chic and sophisticated. These cups have a 180 ml size, which makes them ideal for drinking tea and coffee. This ceramic cup is incredibly small and lightweight. These customized teacups make great restaurant supplies as well. As a result, you can use them in your café, restaurant, and coffee shop. In Dubai, they have branded teacups and expensive products. They are easy to use and portable. As a result, carrying them in your hands is simple.

Additionally, this white ceramic cup is customizable. You can alter the logo or emblem for your company or brand using the sublimation printing option. Because of the great quality of sublimation printing, your logo won't come off very easily. Additionally, washing them in the dishwasher is simple. These branded teacups make wonderful corporate gifts for various business gatherings. They can be utilized to promote your brand.
