Glass Mug with Bamboo Lid

In order to serve you for a longer period of time, double-wall clear glass mugs with a bamboo lid are available. Double layers of glass make up these advertising coffee cups, giving them exceptional durability. The bamboo cover on these mugs gives them a distinct place among environmentally friendly goods. You may effortlessly transport your coffee or tea anywhere because the lid locks the mug.

These 350ml mugs are ideal for those who enjoy both tea and coffee because of their large capacity. You may add the name of your firm or the company logo to these customizable coffee mugs using laser engraving and screen printing. These are the ideal promotional coffee mugs since they may display your company's logo or insignia. Additionally, you may add your friend's, partner's, or family member's name on customized coffee mugs to give them as a special gift. These mugs are suitable for use as handouts or corporate presents. They are the highest quality mugs in the UAE thanks to the environmentally sustainable combination of bamboo and glass.
