## Glass Bottle with Sleeve

# Glass Bottle with Sleeve

The ideal bottle for your on-the-go is a glass bottle with a sleeve. It is made of a tough, high-quality glass substance. As a result, it is clear and translucent. This glass bottle has a bamboo cap with a holder on the top that you may use to carry it. Your liquid is shielded by the eco-sleeve that comes with this bottle. You may also pour tea into it because it prevents overheating and cooling. This product is excellent for the environment because of the amazing blend of glass and bamboo. Use these bottles at the gym or at the office. It is a portable, eco-friendly product that is lightweight. They can also be used as corporate giveaways, gifts, or bottles for promotions. These bottles can hold 500 ml of water in their entirety. You can add a logo or insignia to these bottles using heat transfer and screen printing options. Its small size allows it to fit in a briefcase or even a backpack. These promotional bottles are ideal for raising awareness of a business or brand. They can be used at events, conferences, and campaigns.
