JUCO Tote Beach Bags with Dual Straps

JSB-14
JUCO Tote Beach Bag
Specifications: Product Size: 40 x 38 x 13 cm

JUCO Tote Beach Bags

Beach bags are big totes with two straps that can be worn over the shoulder. A popper or zip closure may occasionally be included on the bag, but it is frequently left open so that the user can pack it with flip-flops, sun cream, and other beach supplies. The bag's base has a gusset that makes it stand up and keeps the bag's structure solid, encouraging it to stay upright when placed down and not in use. A beach bag with your company's logo on it is more likely to be used frequently over time, which in turn will increase the visibility of your brand over time. These are the kinds of things that brands select to sell at retail or give away as presents. A ready-made beach bag can have an overprint or embroidery of any of our stock selections added to it in a short amount of time to create a personalized product.
