Leather with Chrome USB

This leather chrome USB flash drive is made of leather with a PVC chrome finish. With the Leather,-chrome finish it's a decent promotional option. You can impose the emblem or branding symbol of vintage patterns and shapes on this **customized USB**. It has a fantastic ambiance that is tangled up in leather and metallic elements. It resembles an ancient knife and sheath but includes something much more valuable storage space. The awesome structure has a sense of tradition and coolness in the structure.

Also known as thumb drives or memory sticks, flash drives provide storage to back up precious photos, play movies on the big screen, or copy.

Leather with chrome USB Memory capacities of 8GB, and 16GB are available. This Promo USB is an elevated **promotional gift**, and clients will maintain it for a long period, it boosts brand publicity even without effort and cost. This **customized USB** is a very premium buying for small retailers and organizations looking to promote their companies.

- Metallic structure entangled up with leather having a chrome finish.
- Memory sizes include 8GB, 16GB, and 32GB
- Available in black and white colors.
- Trendy and sophisticated design.
- Excellent **promotional gift** for promotional events.
