Magic Color Changing Mugs

167-BK-M
11 oz Color Changing Mug (Semi-Matte Black Finish)
Specifications: Size: 8.5 x 10.5 cm / Capacity: 325 ml

Magic Mugs

Mugs that change color magically have a semi-matte black finish. These mugs are made of ceramic. Because ceramic is a tough and sturdy material, it lends durability to the mugs. The service for printing sublimation mugs is available. Your logo will appear vivid as a result. These promotional mugs can also be used with your company's logo on them. These mugs have a unique manufacturing process. This method aids in changing the mug's color. Once the heated liquid is added, the hue changes. As a result, our logo-printed promotional mugs make great marketing tools. You can print out your design as well.

The magic is appreciated by many establishments. As a result, they make use of these magic mugs in their cafes, coffee shops, and restaurants. Many people with original ideas visit there to unwind. So they might be drawn to these distinctive goods.

Additionally, it makes a fantastic promotional gift for businesses, restaurants, and brands. These magically colored mugs can be personalized with the name or emblem of your business or organization. As a result, you can utilize them for gatherings like conferences and meetings. Additionally, you can personalize them by adding pictures of your loved ones.
