Mini Cube Bluetooth Speaker with Light-up Logo

MS-06
Mini Cube Bluetooth Speaker
Specifications: light up logo, speaker, small & portable design

Mini Cube Bluetooth Speaker with Light-up Logo

The branding system on the Mini Cube speaker is light-up. When the Bluetooth connection to the smartphone is established, the brand emblem on the speaker immediately illuminates. The sound quality of this Bluetooth version is adequate. With its nice look and wireless system, this promotional speaker spares you the hassle of managing wires. Compared to non-Bluetooth speakers, this Bluetooth speaker is relatively compact, making it convenient and simple to transport to the destination.

Mini speakers are also great for handouts, corporate presents, and promotional items. It offers an incredible four hours of nonstop gaming. This promotional item has a sturdy black plastic construction, making it perfect for engraving your company or business's logo to utilize as advertising. You can use them as handouts or corporate gifts to increase customer awareness of and interest in your business. Additionally, this item is ideal as a gift for your loved ones.
