Slide Button USB with Key Holder

USB-01
Slide Button Key Holder USB Flash Drives
Specifications: Size: 55 x 30 mm | Capacity: 4, 8 or 16 GB

Slide Button USB Flash Drive with Key Holder

The slide button USB with keyholder is a chic and opulent approach to increase the exposure and visibility of your business in the online marketplace. These USB flash drives can be a fantastic method to raise awareness for your company. Using a USB flash drive as a promotional gift or giveaway goes a long way in this modern era of information exchange.

Because it is composed of sturdy metal, this promotional USB flash drive is incredibly strong and has a fashionable, creative appearance. Storage options for these Flash drives are 4GB, 8GB, and 16 GB. Laser printing, digital printing with epoxy, and screen printing are all printing options that will improve your promotional results whether used as a promotional gift or corporate gift to draw attention to your business. Moving the USB back and forth is made easier by using the push button.

- The memory sizes available are 4 GB, and 16 GB.
- Outstanding corporate present for a giveaway.
- A distinctive fusion of metal and plastic.
- To move the USB back and forth, slide the button.
- A keyholder for storing valuables or your keys.
