Aluminum Wall Sign Holders in Silver Color

710-S
Wall Sign Holder Silver Color
Specifications: Size 200 mm x 50 mm

Wall Sign Holders in Silver Color

Showcase Your Signs with Ease! Desk Sign Holder is a door/wall sign frame made of metal that is 10 inches by 2 inches and has pre-drilled holes on both ends. This enables hanging the signage from a door or wall or otherwise securing them easier. It is advised for artwork with a variety of background colors, and it is feasible to print it on an appropriate cut-size sublimation aluminum sheet that can easily slide into and out of the metal frame used for table/desk names or wall/door signage... For screw mounting, there are two countersunk holes included as standard for diameters greater than 1-1/4"H and up to 24"L. Mounting holes are offered for an additional fee for frames that are less than 1-1/4" high or longer than 24" in length. Allows for substrates up to 1/16" thick to be used. The dimensions shown are for the interior space.

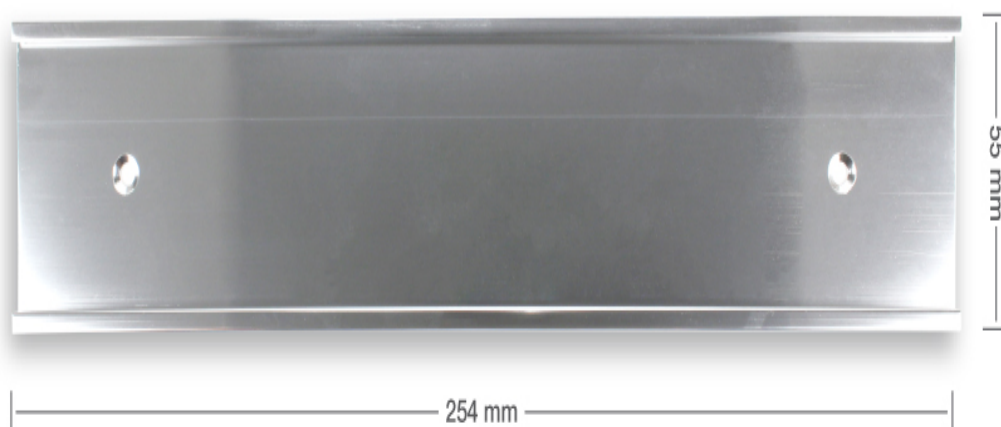

- Material: Metal (Aluminum.)
- Item Size: 25.5 x 5.5 cm
