Antibacterial Notebooks

MB-05-AB-W
Antibacterial Notebook
Specifications: Size: 14 x 21 x 1.8 cm

Antibacterial Notebooks

Antibacterial technology is found in antibacterial notebooks. On its surface, this technique eliminates 99% of microorganisms. They are therefore safe to use. The paper in these notebooks is ruled. There are 80 sheets in it. These sheets weigh roughly 70 g each. The notebook is hence quite light. This notebook's outside cover was made of polyurethane leather. This substance is incredibly adaptable and strong. As a result, it renders these notebooks durable and antimicrobial. Four distinct colors are available for this cover. These premium presents can be personalized for your friends and family. They are some of Qatar's top promotional items. A bookmark, a closure loop, and a pen retaining loop are all included in this notebook. The color of each of these items matches that of the cover. This makes it a versatile notebook. There are numerous choices for printing a logo on it. For this, you can employ debossing with foiling, full-color UV printing, and screen printing. These are therefore the greatest high-quality presents for your clients and coworkers. This promotional item can also be given away. For corporate events, they make the best promotional products.
