Glass and Bamboo Flask

Glass and Bamboo Flask

The environmentally friendly blend of glass and bamboo in this flask is so unique and inventive. Because it has two sides of the glass, this flask bottle is incredibly sturdy and long-lasting. High borosilicate glass provides dependability and safety during use. A bamboo lid on this environmentally friendly item allows for airtight storage. You may use this flask to store your tea because the lid also has a tea infuser. Use this flask made of glass and bamboo while exercising or taking a stroll.

Additionally, the hard materials utilized to create these flasks are incredibly small, transportable, and light. Excellent presents for UAE gift sellers. These flasks can also be personalized for your loved ones. 500 ml is the overall water-carrying capacity. The greatest corporate promotional things to use as giveaways at promotional events like campaigns, conferences, and events are these flasks made of glass and bamboo. You may add the logo of your business or brand to these corporate promotional goods using screen printing. Excellent presents for UAE gift sellers. These flasks can also be personalized for your loved ones.
