Juco Shopping Bags

JSB-12-W
JUCO Bag
Specifications: Size: 30 x 30 x 10 cm

Juco Shopping Bags

Branded biodegradable bags include jute and cotton bags. Jute and cotton were used in the making of these bags. It is made up of 28% cotton and 72% jute. As a result, they are extremely strong and long-lasting. Compared to other bags, they have higher tensile strength. They, therefore, have a larger capacity than other bags. This bag has a dazzling appearance because of the silky sheen of the jute. This bag's components are all recyclable, making it eco-friendly. It has flexible and supple straps for holding. Additionally, despite their considerable strength, they are incredibly light. Both screen printing and a heat transfer option are included. Consequently, you can alter these cotton bags to fit your brand. This branded bag will feature your logo in a colorful and noticeable manner. Therefore, it's a useful promotional item for spreading brand awareness. These supplies are inexpensive and accessible for small firms. Gift baskets or other items can be given away in them. Your clients will get the impression that you care about the environment after using these shopping bags.
