Plantable A Pencils Sets

A green gardening tool called Plantable is a set of pencils. Five of these pencils are included in the package. Tomato, coriander, chili, mustard, and fenugreek seeds are included in this bundle. As a result, it makes a fantastic natural gift for advertising. These pencil-filled eco-friendly seeds were made entirely from recycled newspapers. Thus, these seed pencils contribute to the elimination of plastic from the environment. These pencils also come packaged in an environmentally friendly brown cardboard box. This cardboard box of seed pencils can therefore be customized with your company's branding. These premium promotional items are great for UAE stationery distributors.
