Shoulder Bags

Our promotional shoulder bag was made from jute which is entirely natural. Jute is a sturdy, porous, and fibrous substance. Its fibers are easily resistant to friction and high temperatures. Therefore, this respectable promotional shoulder bag is adequate for holding either food or literature. This environmentally friendly bag had a thick and sturdy stitched handle and was manufactured from natural jute. It measures 35 x 30 x 20 cm and has a large capacity. This implies that it is simple to use as a shopping bag. We also provide a printing option, turning it into a giveaway item. Consequently, you have the choice of express printing or silkscreen printing. Therefore, you might have your company's name and logos printed on them. It has two cotton pockets on the front as well. Our eco-friendly bags are reusable and biodegradable. These shoulder bags are great for branding a business or store. As a result, you can add distinctive and imaginative designs to them. So that when they see such a printed bag, others might learn about your creativity and comprehend you. Therefore, you can use these gorgeous bags as printed bags to showcase your creativity.
