Silver Watches

Raphael watches with branding and promotions are called couple watches. These silver watches were constructed of leather and pure steel. They are therefore strong, stylish, and waterproof. The layout of both timepieces is similar. They also have a formal, elegant design. Ladies' watches are 28 mm in diameter, while men's watches are 43 mm. It boasts a maroon-colored leather strap and a shiny silver metal frame. Its dial is white, as opposed to the frame's color. The needles and numerical markings, however, are black. This branded watch's dial is outlined with tiny dots. The dial is marked with roman characters. These, therefore, complement their conventional design. Additionally, the dial contains a square area for the date. This watch's back was constructed of stainless steel as well. Silver watches' dials and backs provide branding opportunities. Laser branding is an option for the dial and metal marking is an option for the back. As a result, you can add your brand's name or emblem to them. As a result, these fashionable timepieces make wonderful presents. Additionally, you can alter them for your pals.

- The back and case are made of stainless steel.
- Leather straps in the hue maroon.
- Water-repellent materials for crafts.
- Stylish and fashionable appearance.
- The best presents for couples.
- The metallic silver frame is shiny.

Watch Printing Options
