Roller Pen and Keychain

Roller Pen and Keychain Sets

Keychains and roller pens are cutting-edge luxury corporate presents. These pens were made from a very sturdy metallic substance. They are hence strong and long-lasting. The barrel and cap, as well as the entire pen, are shiny. Both the clip and the cap were made of silver chrome. It is shiny as a result. The key was made of chrome metal as well. However, the keychain and pen cap both have a glossy prism pattern. Consequently, you can use these promotional metal pens to advertise your business. A SWAROVSKI element had been affixed to the top of the roller pens and keyring in addition to the structure. These gifts are therefore the best available from Sharjah's corporate gift vendors. Options for screen printing and laser branding are also included. As a result, you may add your company's logo on these pens to make them uniquely yours.
