Specifications: 600g type I Size: 2 x 90 cm

Lanyard with Safety Buckle & Trigger Hook

For people who always carry their ID cards, the safety lanyards are a fantastic tool. The material used to make this lanyard is polyester. It is hence durable and comfortable to wear. Additionally, it includes a clasp that secures the cardholder to the lanyard and prevents the card from falling due to its firm grip. The promotional item comes in a stunning white color. Because of this, it appears classy and even more professional.

The safety lanyards can be changed. There is the choice of sublimation printing. The printing is clear and durable with sublimation printing. However, using this promotional item to advertise your company is not a bad idea.

These lanyards also make excellent employee giveaways. To create a more professional team, you may purchase plenty of these personalized lanyards and provide each employee with a matching promotional lanyard. It works well as a promotional item for a trade show or official event. It is a reasonably priced gift that is nevertheless of excellent quality. Additionally, presents like this make your company look more professional while simultaneously promoting it.
