Dorniel Design Metal Pens

Metal Pens

Dorniel metal pens have a distinctive and cutting-edge design. These pens were made from authentic metallic materials. They are hence strong and long-lasting. The barrel and cap of these pens are made of shiny metallic material. As a result, the entire pen has a metallic sheen. The ancient Arabic patterns on the barrel of these pens have made them famous. As a result, you may use these personalized pens to promote your business.

These imprinted pens with your brand's name can also be used as imprinted business presents. The tip, chrome clip, and grip were all made of silver-colored metal. Therefore, in Sharjah, these things work best as promotional presents. The grip, clip, and tip of these pens include engraving in the Dorniel design. As a result, you have a variety of possibilities for promoting your business.

Additionally, it has a screen printing option and laser branding. So, you can add your brand's logo on these pens to make them uniquely yours. Additionally, you can give them as presents to loved ones.

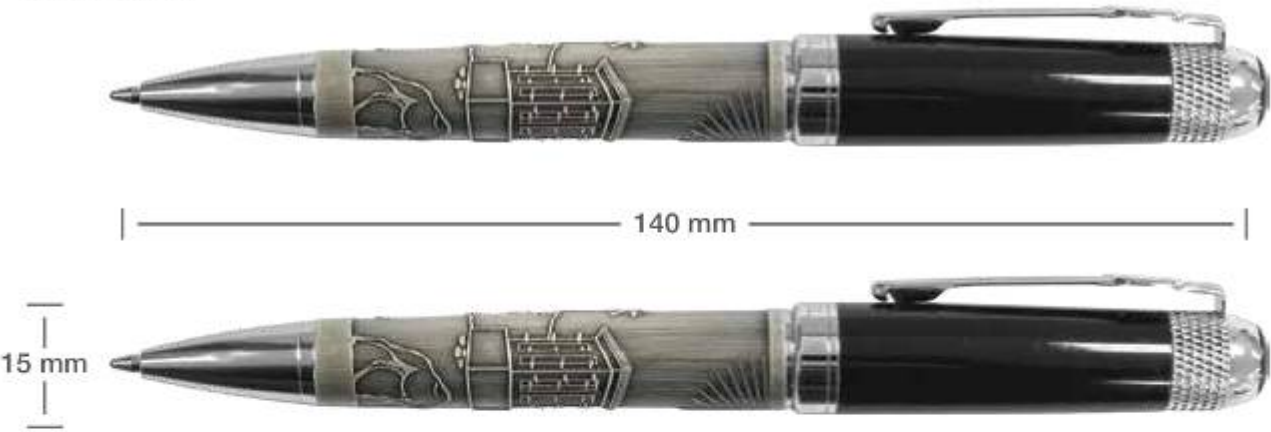

- Made of durable metallic material.
- Traditional Arabic designs on the barrel.
- The glossy metallic finish on the whole structure.
