Sun Shades Silver

SS-1
Silver Sun Shade with Black Color Border
Specifications: Folded into smaller size for easy storage.

CAR Sunshades Silver

Car sunshades are now a common vehicle accessory. These silver sunshades keep the interior of your car cool and shield it from heat. So, with a border of black and dazzling silver, we provide strong and fashionable sun sunglasses. Additionally, these sun sunglasses are made entirely of cloth. These silver sun sunglasses' fabric is reflective, reflecting heat and dangerous UV rays. The automobile sunshades are perfect for businesses in the automotive sector such as car dealers, garages, rental car agencies, and car owners, among others.

Additionally, window coverings like car sun shades are simple to attach to the sun visor. However, these sun blinds have a sizable surface area, similar to a billboard, which is excellent for imprinting logos or insignia. Using these sunglasses as a promotional gift, corporate gift, or giveaway at promotional or corporate events is a terrific way to promote a brand or business.

- Incredibly robust fabric.
- Border in black with cloth in silver.
- The best goods for giveaways, corporate gifts, and promotional gifts.
- The option of screen printing for logo imprinting.
- Fantastic auto accessory
- Preserve a cool interior.
- Available hues include shiny silver.
