Plantable Notepads B6 with Seed Covers and Spiral Binding

"Introducing our eco-friendly innovation, the Plantable Notepads in B6 size with Seed covers and Spiral Binding - a fusion of sustainability and functionality! Crafted with care, this notepad combines the convenience of a classic spiral-bound design with the promise of growth and renewal.

- The cover material is 100% Biodegradable and embedded with **wildflower mix seeds**.
- This plantable notepad has 50 recycled pages
- The front and back covers of the notepad are with seeds and can be planted in any pot or soil.
- Planting instructions are provided on the back cover.

Size: B6 (125 mm × 176 mm or 4.9 in × 6.9 in) **Cover Seeds:** The front and back covers are embedded with a mix of wildflower seeds. **Pages:** The notepad contains 50 pages. **Binding:** Spiral binding for easy flipping and writing, allowing for a seamless writing experience whether you're jotting down notes or sketching. **Sustainability:** Crafted with eco-friendly materials, this notepad is designed to minimize environmental impact. The paper is sourced responsibly, and the entire product is biodegradable, ensuring that your notes contribute to the growth of beautiful plants rather than adding to landfill waste. **Instructions:** Clear instructions for planting are included, making it easy for users to transform their notes into flourishing plants. Simply tear out a cover, plant it in the soil, water it regularly, and watch as your ideas bloom into life.

How to Plant!

Usage: Ideal for journaling, note-taking,

sketching, or any other creative endeavor. Its compact size makes it convenient to carry with you wherever you go, ensuring that sustainability is always within reach. **Purpose:** With its innovative design, this notepad encourages users to embrace sustainability in their daily lives. Each note taken contributes to a greener future, making it not just a stationery item but also a symbol of environmental consciousness and action. **Experience:** Enjoy the satisfaction of watching your ideas grow and flourish, both on paper and in your garden, with the Plantable Notepad in B6 size with Seed on front and back covers and Spiral Binding. Let your creativity and sustainability efforts merge seamlessly with this innovative and eco-friendly stationery solution.
