Frosted Glass Mugs

158-F
Sublimation Frosted Glass Mugs
Specifications: Size 10 x 10 mm

Glass Mugs

I'd like to introduce to you our frosted glass mugs, which are manufactured of premium frosted glass to give them a formal, frosty appearance. These fine mugs have an appealing form and hierarchy that elevates your serving, making it elegant. These premium mugs are a perfect size and are lightweight, portable, and easy to carry. These mugs can be personalized with a brand logo, a cafeteria logo, and whatever message you wish to utilize as a logo-branded promotional cup.

This mug holds 470 ml (16 oz), which is a sufficient amount. Additionally, the high-quality sublimation printing on these mugs' frosted glass gives them a bright and frosty look. These mugs' frosted glass construction can resist temperatures of up to 156 degrees Fahrenheit, which is a respectable range. These mugs make fantastic presents for gatherings and festivities. They can be used for drinking beer with your friends and family at home or at corporate or business occasions. These luxury corporate gifts in Dubai are perfect.
