SAWGRASS SG1000 Sublimation Printer

SAWGRASS-SG1000
SG1000 Dye Printer - A3 Printer
Specifications: Max media size up to 36 x 48 cm

The Sawgrass SG1000: The Perfect Start to Your Personal Business

Kickstart your business with low start-up and operating costs.

Designed for sublimation. With low cost of ownership and vibrant HD images - quickly, easily, and profitably.

profitably.

The SG1000 comes complete with:

- Sawgrass Print Manager
- CreativeStudio Online Designer
- SubliJet UHD Sublimation Inks
- 1-Year Product Warranty and In-house Support.

Print in Ultra High Definition

The new SubliJet HD Ultra High-Definition inks are optimized for the new Sawgrass printers. Create products with an expanded color range and even more vibrant, true-to-life output.

Print From Anywhere

Design from your laptop in the living room and send the design to your Sawgrass - the SG500 and SG1000 now have WiFi capability.

Print With Precision

The latest Sawgrass printers were once again developed in an exclusive partnership with RICOH. Sawgrass' best-in-market inks combined with RICOH's superior printhead technology give you the widest color range in the industry. At 4880 x 1200 DPI, you'll also get the highest-resolution images of any sublimation printer on the market.
