Clear Plastic ID Card Holder

271-H
Clear Plastic ID Card Holder
Specifications: Size: 78 x 105 mm

Card Holders in clear plastic

To carry your ID cards without using your hands, use the plastic ID card holder. These are created from translucent plastic. The card is shielded against dropping, bending, and scratching by this gentle substance. The card can be worn with a soft loop that is located on top. This personalized item is ideal for displaying identification on various occasions, such as exhibitions or official functions. Additionally, we provide cardholders wholesale. The company's employees can use this item as an ID holder to show off their identities while working. It is necessary to always exhibit professional identification cards in various workplaces. Therefore, buying plastic ID card holders in bulk is advantageous here.

Additionally, the caliber is pleasing. Don't sacrifice your professionalism any longer with these cards. This cardholder is excellent and reasonably priced for your company giveaways and official events. You might give this to your staff as a corporate gift as well. However, having the same cardholders for each employee fosters equality and discipline. Everyone in the office appears organized because they are all using the same cardholder.
