Mood Metal Pens

Mood Metal Pens

Cool branded pens include Maxema mood metal pens. They used sturdy metal for their creations. They are strong and secure to utilize as a result. The gold metal had been specifically fashioned inside the barrel. As a result, the entire barrel has a shiny diamond mirror surface. The tip and barrel both have the same golden hue. The push button on the pen is similarly gold-plated. As a result, it makes the pen appear expensive. The ball pen's clip was made of ABS plastic in addition to the barrel. It's dark. The clip does, however, also have a shiny surface. Options for screen printing and UV printing are included. Additionally, there are numerous printing possibilities for logo imprinting. As a result, you can personalize this ballpoint pen as an elegant corporate present for your business. These are great products for UAE sellers of corporate gifts. These pens can also be personalized with the names of your loved ones. These customized pens make great tools for promoting small businesses.

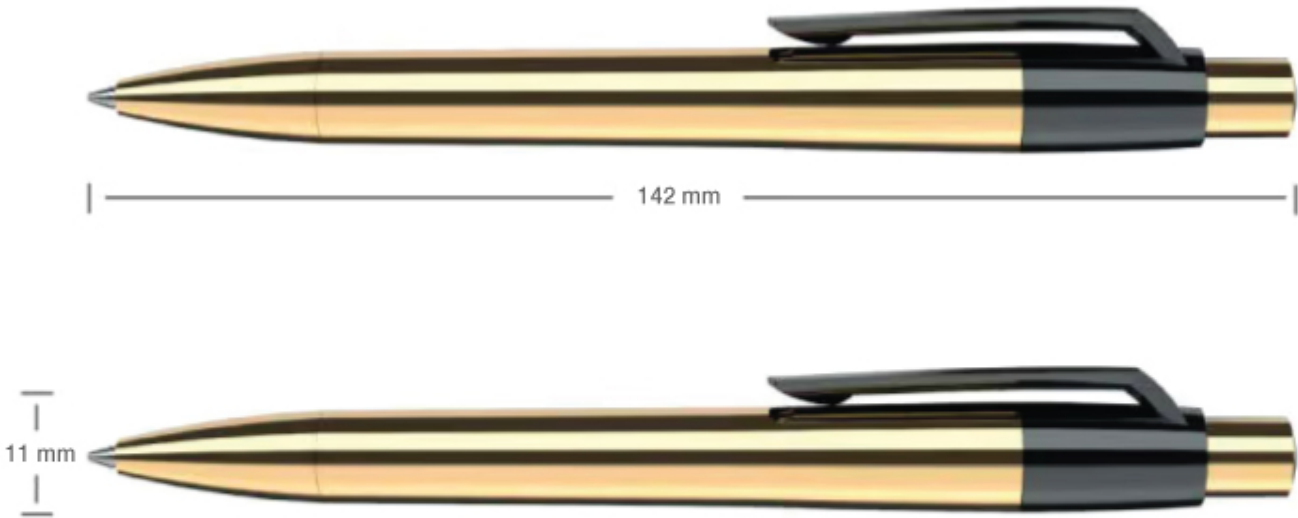

- Manufactured from tough metal.
- The best corporate gift suppliers in the UAE have these goods.
- Shiny, bright ABS plastic clip.
- Elegant and luxurious corporate gifts.
- Push the button with gold gilding.
- Construction with a diamond-faced finish and a golden color.
