# Wheat Straw Swivel USB Flash Drives, 4GB to 32GB

USB-35-WS  
Wheat Straw Swivel USB Flash Drive  
Specifications: Product Size: 60 x 16mm, Capacity: 4GB, 8GB or 32GB

# Promotional Wheat Straw Swivel USB Flash Drives

The wheat straw swivel USB flash drive combines environmentally friendly materials with modern technologies. Ecologically friendly items are becoming increasingly popular in this rapidly developing modern world. The same can be said for our flash drive, which is made from natural wheat straw. This promotional USB's distinctive design is ideal for drawing customers to your company and brand.

Additionally, the Eco USB has a thin outer atmosphere of wheat straw that is suitable for engraving your company's sign or logo. Options for printing include Digital Printing with Epoxy Coating. This practical product is the ideal promotional gift for your business due to your logo's vibrant colors and impact. These promotional items work well for organizations or corporations that support green initiatives. It is suitable for usage as a corporate gift or giveaway during business gatherings like seminars, conferences, and meetings. This USB is the product to choose if you're seeking an eco-friendly present that satisfies the demands of cutting-edge technology.
