Gold Round Metal Badges

2115
Round Metal Badge
Specifications: Size 18 mm, 18g

Gold Round Metal Badges

Round metal badges made of gold are elegant and shiny and are used for advertising. Original metal materials were used in their manufacturing. They are trustworthy and durable as a result. The metal appears to be shiny. They are therefore glossy and shiny. They are exclusively offered in the golden glitter color. The design of these circular metal badges is really elegant and appealing. It features a round button form and a circular design. There is a clear demarcation on the border. This is why its design is so opulent and extravagant. Additionally, the entire layout?aside from the outline?is slightly embossed on the outside. As a result, it's an extremely ostentatious and expensive bespoke logo badge. This metal badge with a brand logo is 20 x 20 x 1.5 mm. Additionally, it has a digital printing option. As a result, you can personalize this metal badge with a brand logo. Your company's logo or a lovely pattern are also options. Additionally, you can utilize it as a promotional item during meetings and other business occasions. They can also be ordered wholesale and customized.
