Fast Wireless Charging Mousepads 10W, Foldable Design

Fast Wireless Charging Mousepads 10W, Foldable Design

An outstanding 2-in-1 design is a wireless charging mouse pad. It is a modernized version of traditional mousepads. It consists of a mousepad with a regular USB cord and an inside charging coil for smartphones or computer mice that support Qi-standard charging. The charging level is indicated by the LED lights on the upper side of the charging surface. We create fabric mousepads that won't slide around. They prevent your mouse from slipping and make it glide easily. This mousepad is black and measures a respectable 263 mm by 203 mm. This mousepad can be personalized with the name or logo of your business or brand for the purpose of effective marketing. Get personalized mousepads to promote your business in a contemporary way.

It can serve as both a classy event present for your official gatherings and a budget-friendly corporate gift for your business meetings. Both as a corporate present and as an event gift, it will strengthen your brand's reputation in the commercial world.

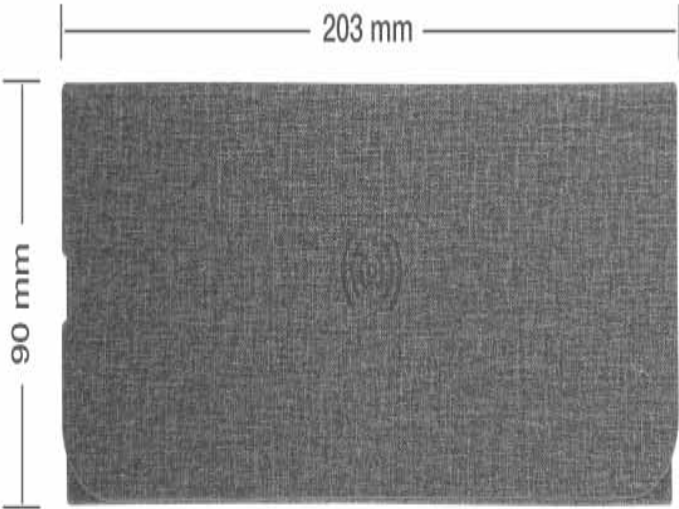

- Wireless Output: 10W
- Made from a sturdy cloth.
- The mouse can travel around freely on the mouse pad.
- It separates into two pieces with ease.
- Add your company's logo to the brand.
- Long-lasting, high-quality screen printing.
- A kind technological gift
