Double Wall Tumblers in SS & PP Flip-top PP Lid, 473ml

Double Wall Tumblers: Featuring a sleek stainless steel and polypropylene design with a convenient flip-top PP lid. These 473ml tumblers offer excellent temperature retention for both hot and cold drinks. Ideal for on-the-go hydration with a stylish, durable finish.

Key Features

- **Material:** Double Wall Stainless Steel (SS) and Polypropylene (PP).
- **Capacity:** 473ml
- **Lid Type:** Flip-Top PP Lid
- **Finish:** Matte (available in White, Blue, and Black)
- **Design:** Sleek and modern with a matte finish for a stylish look.
- **Temperature Retention:** Keeps beverages hot or cold for extended periods due to double-wall insulation.
- **Functionality:** Flip-top lid for convenient one-handed operation and spill resistance.
- **Dimensions:** 87 x 87 x 195 mm
- **Care Instructions:** Hand wash recommended; lid is dishwasher safe.
- **Ideal For:** Daily commutes, office use, outdoor activities, and travel.

This tumbler combines durability with contemporary design, making it a versatile choice for both casual and professional settings.

Branding on Double Wall Tumbler

Branding on double wall tumblers can be a great way to promote a business or create a unique, personalized gift. Here are some popular branding methods and design tips for double wall tumblers: **Branding Methods**

1. **Screen Printing:** This is a popular method for tumblers and allows for vibrant colors and detailed designs. It's ideal for larger runs and can be cost-effective.
2. **Laser Marking:** This technique involves etching a design into the tumbler's surface. It's durable and looks sophisticated, but it usually works best on metal tumblers.
3. **DTF Printing:** DTF printing offers a high-quality, durable solution for customizing double wall tumblers, making it a great option for promotional items, personal gifts, or retail products.
4. **Helix Printing:** Helix printing is an effective method for creating custom designs on bottles, offering both aesthetic appeal and practical branding benefits. Whether for promotional purposes, retail, or personal use, this technique can produce eye-catching and durable results.

Printing Options on SS Bottles

- Laser Marking | UV DTF Printing | Screen Printing | Helix Printing
