ID Card Holders

Your cards are stored in the personalized ID cardholder. The cardholder is made entirely of metal. The ID card holder comes in both horizontal and vertical configurations. The ID cardholder is furthermore simple to fasten to a lanyard, cable, chain, or badge clip. It comes in two sizes: 92x64 mm and 60x98 mm. You can therefore protect your card with the personalized ID cardholder. Your significant card will stay in place. Additionally, the cardholder is so light that you may carry it with ease. Customized cardholders are quite convenient to use. You may also use this cardholder to keep your business card safe.

All working individuals, including office workers, businessmen, and students, can benefit from ID card holders. Additionally, this cardholder will assist all working people in protecting their cards. It will last a long time because it is made of aluminum. Through the use of this personalized cardholder, your cards will remain secure. As a result, the best cardholder may be purchased at a fair price. The card is affordable and simple to obtain. As a result, this cardholder is offered in two shapes, which is highly advantageous.

- Aluminum ID card holder
- Available in horizontal and vertical shapes
- Size: 60?98 mm and 92?64 mm
- Holds your cards in place
