Bamboo Notebook (MBBM-BLK-A5): As a sustainable alternative to more conventional materials, this notebook stands out because of its bamboo cover. With its A5 format, this notebook is perfect for personal and professional note-taking, organizing, and journaling. Personalized branding, such as logo engraving, is a breeze on the all-natural bamboo cover.

With the notebook's eco-friendly motif, the **bamboo pen (EFP-B2-BLK)** is the ideal accessory. In addition to being aesthetically beautiful, its natural and minimalist design makes writing a pleasure. Custom branding can further increase the pen's promotional value.

Ceramic Mug with Bamboo Lid (TM-024-BLK): The porcelain body and the organic bamboo lid create a harmonious whole in this cup. Whether you use it at work or home, it's a great accessory. Stylish and functional, the bamboo lid keeps drinks warm and stops spills.

Bamboo Mug Warmer and Wireless Charger (WCP-BM7): This cutting-edge device is a cup warmer and a wireless charger for cell phones. The combination of wireless charging and the coziness of a hot beverage makes it a one-of-a-kind accessory for any workstation. It complements the rest of the set thanks to the bamboo finish.

Wooden 16 GB USB Flash Drives (USB-38): With a bamboo exterior, these flash drives house a whopping 16 GB of storage space. They are an efficient and environmentally safe method of transferring and storing data. These drives can be personalized with branding on the bamboo shell, turning them into a practical and eye-catching promotional gift.

Charging Cable with Multiple Uses (OC-BL4): One useful gadget in today's digital age that is compatible with many devices is a multi-charging cable. The fact that it guarantees the receivers may charge their devices conveniently increases the set's value.
