Dorniel Design Portfolio Folders
Specifications: Size: 35 x 54 x 2 cm

Portfolios

Portfolio folders made by Dorniel Design are special folders. This file folder was constructed of polyurethane leather. Therefore, the folder is trustworthy. It has drawers for storing your paperwork, technology, and accessories. It also includes a magnetic clasp made of metal for safe storage. Consequently, these folders serve a variety of functions. It can be used to store both your credit cards and identification cards. A mesh pocket for storing mobile cables is also included. These folders are therefore quite helpful. There are two color options for this portfolio folder: grey and black. The size of this folder is A5. Therefore, these are ideal personalized portfolio folders for marketing your company.

There are numerous choices for printing a logo on it. As a result, laser marking can be used to print on a magnetic flap. Additionally, screen printing is available for adding the logo on the cover. Therefore, the ideal promotional things for your clients and coworkers are those. This promotional item can also be given away. Additionally, you can utilize them as corporate gifts for professional gatherings.
