Bluetooth Speaker, 5W Wireless Charger & LED LOGO

An innovative blend of style and utility, this **Bluetooth Speaker with Wireless Charger** is the perfect multifunctional promotional gift. Designed with a sleek, triangular plastic casing, it features a mobile holder with built-in wireless charging, making it ideal for use on desks, workspaces, or bedside tables.

Product Features

- Classic triangular design with durable ABS Plastic casing
- Bluetooth speaker with **crystal-clear sound output**
- **Wireless charging pad** with mobile holder for added convenience
- **Side control panel** for easy volume and track navigation
- **Light-Up Logo** for standout brand visibility
- Customizable with **Laser Engraving** of your company logo or name

Uses Where It Shines

1. Desktop or Bedside Companion

Stream background music while your phone charges wirelessly on the speaker's surface. Enjoy an illuminated logo that doubles as a subtle night light.

2. Corporate Gifting & Branding

Customize the illuminated logo with a company design for giveaways, promotional events, and trade shows. Creates a memorable branded tech gift that gets real-world use.

3. Compact Entertainment in Small Spaces

Great for dorm rooms, offices, or small apartments where space is limited. Eliminates excess cables and reduces clutter.

4. Desk Organization & Style

Consolidates audio playback and device charging into one sleek unit. Enhances aesthetics with a warm glow from the logo—functional and decorative.

5. Portable Convenience

Lightweight and easily moved, it's perfect for traveling or presenting at different locations. Ideal for spontaneous podcasts, presentations, or marketing roadshows.

Printing Option

- Laser Engraving (Light-up Logo) on Base

An all-in-one tech gift that promotes your brand while offering daily functionality!
