Hardboard Tea Coasters

Hardboard Coasters

Coasters made of hardboard shield the surface of a table or any other area where a drink might be placed. They used the original hardboard material to raft. As a result, they are sturdy and hard. These square, rounded-end tea coasters are made of hardboard. This hardboard tea coaster is approximately 9 cm in length and 5mm thick overall. As a result, it makes the ideal coaster for your teacups. Additionally, these printed tea coasters are portable and small.

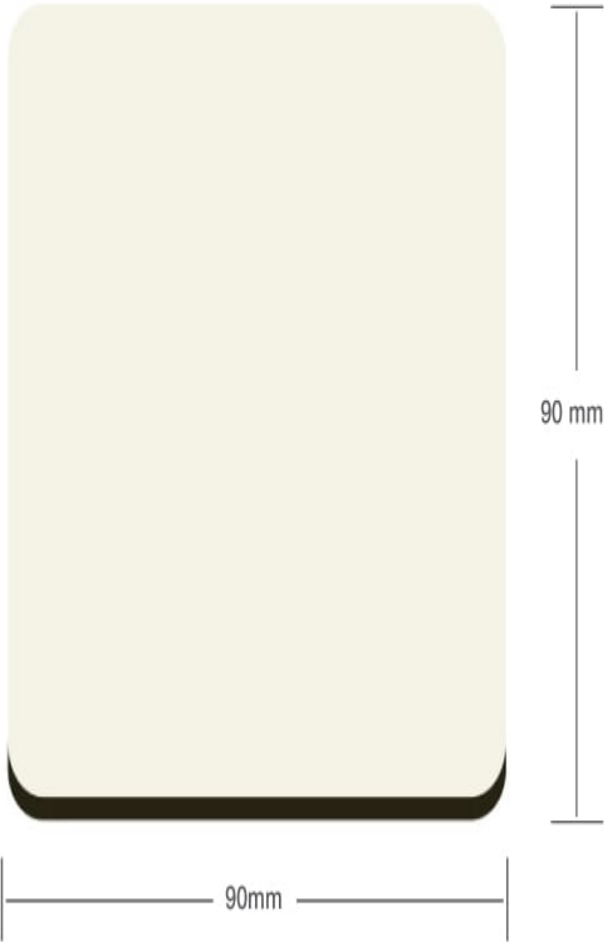

If you want to promote your brand or company in an environmentally friendly way, then this item is perfect for you. This **hardboard tea coaster** is hard yet light in weight so you can **do sublimation printing**. You can customize these **hardboard tea coasters** with the logo of your brand or company.
