rPET Bottles with Cork Base Twist-off Lid & Handle

720ml

Introducing our 720ml rPET bottles with a cork base, designed for both style and sustainability. Crafted from recycled polyethylene terephthalate (rPET), the bottle provides an eco-friendly solution while maintaining durability. It features a distinctive cork base that adds a touch of elegance while providing a stable foundation. The twist-off lid ensures a secure seal and easy access, while the integrated handle makes carrying and pouring effortless. Perfect for those seeking a practical and environmentally conscious choice for their liquid storage needs.

- **rPET:** This stands for recycled polyethylene terephthalate, a plastic made from recycled materials. It is chosen for its sustainability and eco-friendliness.
- **Cork Base:** The base of the bottle is made from cork, which is a natural, renewable material. Cork bases can provide a unique look and added durability.
- **Twist-Off Lid:** This means the lid can be easily removed by twisting it off. It's a common closure type that provides a secure seal and is user-friendly.
- **Handle:** The bottle has a handle, which makes it easier to carry and pour, adding to its convenience.

Key Uses

- **Beverages:** Perfect for water, juices, or flavored drinks.
- **Personal Care:** Ideal for shampoos, conditioners, or lotions.
- **Household Products:** Great for cleaners, detergents, or other liquid solutions.

Branding Opportunities

- **Eco-Friendly Messaging:** Highlight your commitment to sustainability with the use of recycled materials.
- **Custom Labels:** Showcase your brand's identity with custom labels or branding on the bottle's smooth surface.
- **Stylish Presentation:** Use the cork base and handle design as a unique selling point to attract consumers looking for both aesthetic appeal and practicality.

Position this bottle as a premium, environmentally responsible choice that enhances the user experience while supporting your brand's commitment to reducing plastic waste.

Printing Options on rPET Bottle
