Light Up Logo Multi Charging Cable

JU-OC-L
Light Up Logo Multi-charging Cable
Specifications: 5ft L, Type C, Lightning and micro USB connectors

Light Up Logo Multi Charging Cable

The multi-charging cable with the light-up logo is ideal for simultaneously charging several devices. You no longer need to carry a maze of cables around with you to charge your various electric devices. It is a charging cable with three connectors: a Type C cable, a lightning cable, and a micro USB cable. The logo of your business can be added to this promotional item. When connected to the socket, this USB cable with a light-up logo illuminates your company's logo.

These are convenient and lightweight, and they spare you the hassle of carrying numerous wires to charge various devices. The logo-engraved cord makes this multi-charging Octo cable the ideal business gift for your colleagues because it will draw attention. used to charge practically all mobile phone devices, including Samsung, iPhone, and others. For your professional gatherings, it will be a contemporary event present. This USB cable is ideal as a corporate gift or event favor.
