Rigid PVC Card Holders

CH-003
Clear Rigid PVC Card Holder
Specification: 85x 55 x 0.5 mm

PVC Card Cases

You must always present your ID cards in several industries. Therefore, we have ready for you ID card holders. These cardholders are composed of plastic, which not only makes them practical but also enables hand-free scanning. The top of these cards has a hole through which they can be worn around the neck. You are free to wear it with any available ribbon, chain, or reel. The cardholders' standard dimensions are 9.8 cm in length and 6.5 cm in breadth. Your card will therefore fit perfectly in either the vertical or horizontal SWAG cardholders. In some businesses, offices, and organizations, employees are required to always display their ID cards. Your authority won't let you recklessly utilize their card. This cardholder is advantageous for you as a result.

Additionally, wholesale cardholders are also offered. As a promotional gift for the staff at your business or place of employment, you can purchase cardholders in bulk. Or you can use these cards for your company's official events. Having everyone wear identical cardholders instills discipline. You might use it as a business gift, though.

- Made of PVC.
- Long-lasting.
- Unbreakable.
- Decent corporate gift.
- Available wholesale.
