The Art of Executive Gifting

A refined gift is kept, used and remembered, placing your brand on the desks and in the hands of the people who matter most. This edit brings together pieces chosen for their materials, finish and lasting impression.

Gifts that carry your name with *quiet confidence*.

This edit brings together sixty-nine pieces that belong in the working life of an executive: fine writing instruments, leather-finish notebooks and portfolios, gift sets presented ready to impress, timepieces, refined technology, drinkware, travel essentials and objects of recognition.

Each piece was chosen for its material, its finish and the moment it is made for, from a boardroom welcome to a milestone award. Several carry the details of Emirati heritage, including Sadu weave, the bisht and Arabic calligraphy, told in a modern voice.

COLLECTIONS

8

BRANDING TECHNIQUES

i.

CONSIDERED MATERIALS

Metal, genuine and PU leather, crystal, marble, glass, stainless steel and bamboo, chosen for weight, touch and longevity.

ii.

HERITAGE IN THE DETAIL

Sadu, bisht and calligraphy motifs that speak to the region without cliché.

iii.

BRANDED TO PERFECTION

Every item is ready for your logo, applied with the technique best suited to its material.

Nine collections, *one standard.*

MADE FOR YOUR BRAND

Every piece in this edit is ready to carry *your brand*.

Share your logo and quantities to receive the right branding technique for each product, together with a tailored quotation.

MAKE IT YOURS

Branding techniques *across this collection.*

Each product in this edit lists the techniques it supports. Every method is matched to the material, so your logo looks as considered as the gift itself.

01

Laser engraving & marking

Permanent, tonal marking on metal, leather, bamboo, wood and crystal.

02

UV printing

Full-colour logos with crisp detail on flat surfaces.

03

UV DTF transfer

Vivid multi-colour marks on curved or textured items.

04

Screen printing

Solid spot colours, cost-effective in volume.

05

Debossing

Pressed-in logos for PU and leather covers, with optional foiling.

06

LED light-up logo

Your logo glows on selected powerbanks, chargers, portfolios and USB drives.

07

Pad & heat-transfer printing

Precise marks on slim pens, and durable prints on bags and apparel.

08

Sublimation

Photo-quality artwork on award plates, sign plates and drinkware.
